

When it Comes to **FoxJet** Quality, the Proof is in the Printing.

If the printing on your cartons looks like this,

but you want it to look as good as this,

you need a FoxJet system with Trident printheads.

FoxJet ProSeries™

- Trident industrial printheads
- Choice of three models with print heights from .1" - 4"
- High-resolution printing
- Automatic priming
- Repairable printheads
- Stainless steel faceplates
